Dear Paul Liepe:

To assist your company and its "Subscribers" in their attestation of PCI compliance, AHT Services warrants that its products; specifically the "Transaction Manager" is a validated by Visa as a Level One (1) PCI Compliant Service Provider. Our company name can be found on the Visa website under Global List of PCI DSS Validated Service Providers.

In addition, we comply with the PCI standards and recommendations to include an annual onsite audit to ensure we maintain compliance.

With respect to sensitive authentication data we are not allowed nor do we store that data after authorization. After the data reaches our servers we are responsible to the card holder and the Payment Card Industry to adhere to the best practices to keep the information secure for as long as we maintain that information. It is for this reason that we can not allow you to have the information back once it is sent to our systems.

Sincerely,

A handwritten signature in cursive script that reads "Nate Wasser".
